RED CROSS IS PREPARING FOR RELIEF WORK

Child Welfare Organization Will Assist in Local Activities

Mrs. W. C. Perry has received the appointment from the headquarters of the Red Cross at Washington, D. C., as chairman of the Red Cross committee on cotton distribution, for the benefit of needy families in this district.

From a check-up made this week, Mrs. Perry expects to have enough material, that is cotton goods, to take care of all those families who will be in need of children's dresses and other things that can be made up from this material.

The Child Welfare Branch of the local P. T. A. are in a position to make up the material as needed and Mrs. Perry will have a portion of her home devoted to this work, which is certainly a fine thing and a movement that should be endorsed by every thinking individual in this city.

This work will fill a crying need in view of the fact that practically all the cast-off clothes have been used up by the constant demand.

All persons who may have anything like old clothes or perhaps an old overcoat, or odd pieces of furniture, particularly bedding, blankets, etc., would do well to get in touch with Mrs. Perry at her residence, 415 North Main street, or phone 211 and the matter will be taken care of, or such things can be left with the local chamber of commerce and they will be taken care of.

SKI CLUB DANCE WILL BE LIVELY AFFAIR

A local committee from the Nevada City-Grass Valley Ski Club was out Wednesday selling tickets and they report a very good response so far. This is to be a benefit dance and the proceeds will be used to purchase equipment for the toboggan slide.

Chairman George R. Carter, who is chairman of the committee, says that every indication points to a large affair and it is hoped that a record crowd will be in attendance at the Redmen's Hall.

A nice program has been arranged between 8 and 9 o'clock p. m. and the dancing will then proceed with a fine 7-piece orchestra furnishing the music which you simply cannot help dancin gto. It is a very affair and those in charge have worked hard to see that everything is in first class shape and you may be sure that a good time is in store for you.

The program is as follows:—
Vocal Solo..... Mrs. G. Elliott.
Piano Solo .....Beverly Barron
Banjo Solo .....Harold Smith
Trumpet Solo.....Lesley Sweeney
Dance Numbers ....Mrs. Talbot'sclass
Specialty....Grass Valley B. S. Troop
Musical Selections .....Appolan Trio

MAN HITS WIFE WITH ROCK, LANDS IN JAIL

George W. Brown of Grass Valley was out walking yesterday enjoying the fine weather that we are having now. A car drove by in which Brown saw seated Mrs. Brown and another man. Upon receiving his hail, they stopped. Brown picked up a rock and socked the other man in the back of the head, and then hit his wife in the face with the rock.

Mrs. Brown has sworn to a complaint charging her husband with assault with a deadly weapon. Sheriff George Carter's office took Brown into custody.

CAMPTONVILLE SUNDAY SCHOOL HELD ON FRIDAY

CAMPTONVILLE, Oct. 12.—Camptonville is a town which is always ahead of schedule or on time. The stages run up to the minute, storms get ahead of the predictions of the weather man, the Sunday papers are on sale Friday, and now, Sunday school is held on Friday. Due to the fact that it is most impossible for many to get to town on Sunday, Mrs. Hope Livingston, superintendent of the local union Sunday school, has changed the meeting of the school to Friday afternoon instead of Sunday, which permits everyone interested to be there.

GRASS VALLEY GARAGE TO HAVE BIG OPENING

Saturday, October 15th, the new Grass Valley garage is giving its opening of the new building and equipment a big send-off.

Last July 31st the old building on Mill street in Grass Valley nearly burned down. Much of the building and equipment was ruined. About a month later, C. H. Heffren started reconstruction work which is just now completed. The old building was torn out completely and the most modern of garages with a very clever store front was consetructed in its place. Using the 146 foot frontage of his property to great advantage, Mr. Heffren has given to Nevada county a garage that has no peer in the state.

It is the only place in this county that handles the new "Standard Watchman." Likewise, it is the only garage here that has installed the famous new "All-Point Recorded Lubrication" system, with which it is claimed that they can lubricate a car from bumper to bumper. Mr. Heffren has also installed the very latest type electrical gasolnie pumps and a complete new set of lubricating oil tanks. These later are necessary to complete the lubrication.

The automotive repair department is exceptionally large and roomy with all modern improvements and skylights above.

Featuring the new Ford Automobiles, the Grass Valley Garage will also handle a complete line of automotive accessories. A new line that will be handled will be electrical house-hold appliances. This line will have a department all its own as will the new radio department. Each department will have its own repair shop in the rear of the building. The most up-to date type of store room for spare parts has been built. This store room has the perpetual inventory type of record and book-keeping system. A complete line of Ford automobile, radio and household electrical appliances will be kept on hand at all times.

This new building is a great asset to the county. The entire atmosphere radiates cleanliness and is arranged in a most efficient manner. A wonderful example of the modern American business spirit of today.

NEW DOCTOR WILL TAKE PRACTICE TEMPORARILY

In a letter received from Dr. Werner, who is now on his way east to take a complete rest, he says that he is arranging to have an outside doctor take over his practice here temporarily. Dr. Werner has suffered from a nervous breakdown and for a week previous to his departure for the east had been in the Woodland Clinic.

Several friends of the doctor's bid him goodbye at Colfax when he went through on the train last Tuesday. He is going to visit Mrs. Werner, their son Bobbie, and his parents in Minneapolis.

It is hoped that Dr. Werner will effect a quick recovery and soon return to his home in Nevada City where he is now missed by a host of friends.

REMODELING JOB HELPS APPEARANCE OF STREET

The re-modeling job on the M. Angiolini property, 143 Boulder St. is fast nearing completion, and the old home is surely not what it used to be. John Bertelson, contractor, has worked over the whole house from cellar to attic, and with new floors, California Stucco plastering, and many other up-to-date features the work is fast nearing completion.

Ed. Martini is putting on the last touches by a good thorough paint job and by the middle of next week the job will be complete and ready to move into. Much work has been done in this part of town the last few weeks on the streets such as new curbing and filling in the holes in the street which adds much to the appearance of this part of our fair city.

TOURIST EXPENDITURES

American tourists last year spent $570,000,000 in foreign countries, approximately five times as much as visitors from foreign countries spent in the United States, it is shown by recent figures from the Department of Commerce reaching the California State Automobile Association.

Roosevelts See World Series

"Whe-e-ew! Look at that ball go,"—seems to be just about what Governor Franklin D. Roosevelt and his son, James, are saying in the picture above, taken just after Babe Ruth smacked out a high one during the world series games at Chicago. But Mrs. Franklin Roosevelt, seated behind the governor, seems to find her menfolk much more interesting than the national game. The Democratic candidate for the presidency welcomed this chance to relax during his arduous country-wide campaign tour.

STAR ROUTE WILL CHANGE ITS SCHEDULE

The Star route operating between Alleghany and Nevada City will run on what is known as the winter schedule beginning October 17th, according to advice of Postmaster Scadden.

On the old schedule the stage left Nevada City at one p. m. arriving at Alleghany at 4:30 p. m. and the stage leaving there at 6 a. m. and arriving here approximately at noon.

The new schedule takes the stage out of Nevada City at 7 a: m. and back the same day at 3 p. m. Of course when snow and ice are encountered it sometimes interferes with the schedule, but every effort is made to make the trips on time.

PIKE CITY GIRL IS RECOVERING FROM FALL

CAMPTONVILLE, Oct. 12.—The may friends of Miss Eileen Godfrey, daughter of Mr. and Mrs. W. S. Godfrey of Pike City, are happy to learn of her steady improvement from a fractured skull sustained last week by a fall from a tree at Mills College at Oakland. Her parents have been with her since the accident. Miss Godfrey started at Mills College this fall, having won a scholarship at the Grass Valley High school.

MISCELLANEOUS SHOWER IN HONOR OF MRS. SINNOCK

Last Friday a delightful miscellaneous shower was given by Mrs. H. E. Bolton at her home in Nevada City for the newly married Mrs. Theodore Sinnock of Grass Valley. who is the daughter of Mr. and Mrs. Thomas Oliver of this city. She is also a sister of Mrs. Bolton.

The party was given in the evening and many competitive games were played. Miss Jerraldine Larson won the first prize while Mrs. Oliver won what is commonly called the "booby" prize.

Later in the evening refreshments were served to the fourteen guests. All voted the evening a very successful one.

EIGHTH GRADE PUPILS MAKE TOUR OF COUNTY JAIL

The entire eighth grade of the Nevada City grammar school under the guidance of Mrs. McCormack, regular eighth grade teacher, made an inspection and survey of the county hall yesterday during working hours. The group was accompanied by Principal Carlson of the same school.

Inasmuch as the class is studying different forms of government, the tour through the county building was planned. There the students saw the various county officers in the daily routine of work.

Thirty-eight students made the trip and are now making a particular study of the Nevada county system of government.

Mrs. Blanch Fisher of Sacramento and a former Nevada City resident is spending this week at the house of Mrs. George Hegarty and is visiting her many friends.

MARSHALL RANCH NEAR EMPRESS MINE SOLD

The Paymaster Mining Company, which was previously the Broken Hills Mining company, recently purchased a lease and bond on the Marshall ranch which adjoins the Empress mine at Newtown. Holding the property for a short period of time, they have just turned it over to T. J. Flynn and company of San Francisco.

The deal proved to be an advantageous turnover financially for the Paymaster people. It is understood that they are acquiring other quartz properties in this district.

Due to the recent consolidation of the Moynough and the Empress mines, transactions pertaining to adjoining properties are of more than usual interest.

REPAIRS COMPLETED ON LAMARR FLEMING HOUSE

The home of Lamarr Fleming, on upper Boulder street, that was damaged by fire recently, is undergoing repair in the rear where the paint was scorched off the house. It was necessary to replace about six sections of fence and the back part of the house had to have a coat of paint. C. W. Reynolds is doing the necessary painting, while T. E. Costello is taking care of the carpenter work and the whole job will be completed this week.

Work on the garage building, which was toltally destroyed, will probably commence some time next week. Plans are not complete yet for this part of the work.

NEW TRUCK PURCHASED FOR CAMPTONVILLE-T.N.F

The local headquarters of the Camptonville District of the Tahoe National Forest of the United States Forest Service has just been alloted a brand new Chevrolet truck No. 3 9 to be used by this district in the disposal of the various duties of the office. The new green truck, in front of the headquarters office, beside a newly erected flag pole add much to the picture, and the local people are proud to boast that the local office is one of the most efficiently conducted Districts in the service, made that way by the genial character of District Ranger Frank W. Meggers.

J. L. Hewitt, bad check writer, who left a couple of worthless pieces of paper with two local business houses, and then t ook to the woods has been arrested at Phoenix, Ariz., according to advices sent Sherriff C. J. McCoy. The sheriff holds a warrant issued in he local justice court, and if the state of Arizona will give the prisoner up, he will be returned here to face the charge.

PROHIS CLOSE SOFT DRINK RESORTS IN TRUCKEE

Federal prohibition officers Wednesday closed two soft drink parlors in Truckee. It is alleged that they were selling bootleg whiskey unlawfully over the counter. One place was operated by Tony Polyanich and the other was run by Tony Brown.

The places were closed for abatement for a period of one year.

Sheriff George Carter was accompanying the federal officers when they served the papers for the abatement proceedings.

NEW HAMMER MILL TO BE SHIPPED TO DISTRICT

The West Coast Development Co., a manufacturing company of San Jose, California, is perfecting a new mill called the Humphrey's Hammer mill. A new idea is incorporated in this mill with a hammer swinging on a lever which has a "slide back out of position" movement.

Much interest is being displayed in this mill from southern California, Mexico and Alaska. The company is making a deal with an Alaskan mine for an installation of five of the machines.

One machine is going to be installed in the near future in the Schipp mine at Graniteville. Charles Mason is now owner and superintendent of this mine. The order for the mill has been placed through W. P. Clerkin of Graniteville and North San Juan, who is agent for the West Coast Development company in this territory.

Mason has his miners working on two veins of quartz rock in his mine which is four miles east of Graniteville on the Washington road.

An offer has been made by the company to mill and amalgamate any quantity of ore or gravel up to a carload to prove the value of their machine. Many have taken them up on that offer.

In a few weeks time mining men from this country will be able to watch the mill in operation on the Schipps mine. That opportunity is limited because of the fact that when snow flies it will be very difficult to reach the mine.

SIERRA COUNTY MAN KILLED BY PARTNER

J. H. McCabe lies dead as the result of a bitter quarrel with his partner, James Robinson. The tragedy occurred at the Chipps mine. three miles above Sierra City where the two men had been working as partners on a wood cutting deal. McCabe was quite well known in Nevada City as he often came into town and sold wood ot many local people.

The story as told by Robinson after he had given himself up to the sheriff, is as follows:

"Tuesday afternoon I went over to McCabe's cabin to get a pail of water. We had a bitter quarrel and McCabe suddenly drew a revolver and fired at me, hitting me in the left hand. I rushed into the cabin and grabbed a shotgun and shot McCabe and he dropped to the ground."

After the officers had arrived at the scene it was found that McCabe had been beaten over the head with a rifle also. An inquest was held at Sierra City Tuesday evening and the verdict was "That McCabe came to his death from gunshot wounds and a fractured skull inflicted by Robinson.

Robinson was taken to the county jail and his wound was taken care of. A murder complaint was sworn to and he was placed in the county jail. He refused any further information and gave no particular reason for the quarrel.

The preliminary examination of Robinson has been postponed until next Monday, owing to the illness of Judges Ernest Innes of Sierra City.

According to word received from the district attorney's office at Downieville Robinson has confessed that he fired the first shot in the quarrel that resulted in McCabe's death, and that during a hand-to-hand fight which followed, he used the butt end of a rifle on McCabe, fracturing his skull.

John McCabe of Livermore, son of the slain man, has arrived at the county seat of Sierra county and arranged for sending the body to Livermore for interment.

WINTER WOOD SAWING IS IN FULL SWING NOW

Sounds of the old wood saw can be heard in every part of town this time of year. The wood is hauled in from the hills and in most cases stacked out in the street near the front entrances, and then a power saw is brought into action and in a very short time the woodpile is reduced to the proper lengths to suit the housewife, and then someone has a job transferring it to the woodhouse, wherever that may be.

Henry Paine, mining man of Lake City, visited in Nevada City recently.

NEVADA CITY MAN WINS BIG MONEY PRIZE

Wins Third Prize in Contest Conducted by the Bulova Watch Company

Johnny Shelburn, Nevada City resident, thought that he would try for one of those national prizes that are given by companies in contests of different kinds. So, picking out the Bulova Watch company contest which asked for a name for a new watch, Johnny scratched his head and finally sent the following to the watch company:

"Call it the 'Edison, a man the time should never forget."

Johnny threw those few words into an envelope and sent it on its way. Time went by and the contest was forgotten.

Tuesday morning, Johnny was financially rather low. (No personal reflection meant there as we all are that way most of the time these days.) Anyway, Johnny borrowed a dollar that morning to buy a haircut and shave. Before stopping at the barbershop he dropped into the postoffice to get his mail. Opening the lone letter that he found in his box he pulled out a check for $1750! The letter accompanying the check stated that his few words had won third prize in the national contest.

A man in Dallas, Texas, won the first prize of $7500. Which would be quite acceptable, also.

Johnny is a shaft man at the Murchie mine here. It is sufficient to say that now he has more friends than he ever realized were his.

CIVIL WAR VETERAN DIES IN EASTERN CITY

Word was received this week of the passing of F. R. Kirkham, former resident of this city, who had returned to his son's home at Quincy, Illinois, and passed away Oct. 4th, 1932, at the ripe old age of 85 years.

Mr. Kirkham was one of the few old Civil War veterans who lived in this section, and while here he made many friends who will regret his passing. He lived back of the cemetery on a little piece of ground which belonged to him and some time last year he became ill and was taken to the Jones Memorial hospital in Grass Valley, where he was confined for several weeks.

He got a little better and was able to travel and was taken back to his son's home in Quincy, Ill., where he passed away as above stated. So far as known he leaves just one son, and a host of friends to mourn his passing.

MUCH IMPROVEMENT DONE ON NEVADA AND BROAD STS.

The most outstanding of this work is being done on upper Nevada street There, the top of the hill known as the "hump" has been widened and is a big improvement.

Anticipated work to be done in the near future is the straightening of the road from the hospital to the main highway. The clearing of the brush from that road will also be done at the time of the straightening. As it is now the brush overgrows the road to an extent where cars are brushed as they go by.

From the paved section of West Broad street out past the Crabbe ranch, the road has been newly fixed up and graveled. The road out that way is a mighty rough one and the gravel has helped a great deal to fill up the holes and ruts.

Veterans Foreign Wars to Give Dance October 22

T. W. Helmers, commender-elect of Roseville post, presided at the meeting last Thursday, of Banner Mountain Post, No. 2655, Veterans of Foreign Wars.

The newly organized post are ulanning a big dance to be given at Twin Cities pleasure hall on October 22, 1932. The admission will be $1.10, tax included. The post is going to make this a real dance and everyone is guaranteed a good time.

IF IT WAS ONLY TRUE

The world at large after reading the glowing account in a recent issue of Collier's Magazine of the men and women who are making good money mining on the streams of California must think California is indeed the land of gold and prosperity. But, sad to say, the article in Collier's is far from the truth, and it is time that the real truth of the matter be told, otherwise many unfortunates are likely to be misled as to the real chances of making a living by panning out gold.

California is a wonderful state, but there is a limit to the number of people who can be taken care of here during the depression period and misleading articles such as the one published in Collier's do more harm than good. There are many communities in Northern California that are faced with a problem this winter as to what will be done to take care of the many poor people who have been lured to the mountain streams in the false hope of making a living by panning gold.

As a matter of fact the average family panning gold on Northern California streams are lucky to average a dollar a day. Some days nothing is their portion and in many cases they are working under the most trying conditions. Along the Yuba river in many places there is little water and a dam is made across the river and the water diverted. In many cases when the crevices in the bottom of the stream are cleaned all the placer miner finds is what the Chinaman and the Indians have left.

Where the stream is too large to wing dam easily the poor devil looking for gold disrobes and dives into the water, digging with a bucket as long as he can hold his breath. At this season of the year the water is ice cold and mining for gold in northern California streams is carried on under great difficulties.

There are many families who are carrying on under these conditions, not joyfully, but with a grim determination to do the best they can. The women work side by side with the men. Many of these families are from the East, and the majority of them are from large cities.

These unfortunate people are facing a trying winter and it is up to those who are more fortunate to do what they can to help. It is to be hoped that the day is not far distant when hardship and poverty will be banished, but that day is yet not in sight. In the meantime there is a duty and responsibility resting upon those who have some of this world's goods. Let's all be willing to do our part in helping those who are in need.

THE COST OF MOTOR ACCIDENTS

According to B. G. Willis, Vice-president of the Fireman Fund Indemnity Company, the annual economic loss due to automobile accidents is about $2,500,000,000. Some realization of the magnitude of the waste can be obtained by the knowledge that public school education in the entire country costs only $2,200,000,000 annually.

Practically all of the two-and-one-half billion loss is due to three factors—ignorance, carelesses and incompetence. And if we stop to think about it—we know this is true. There is no other major cause of automobile accidents. The unavoidable accident is rare indeed. The percentage of accidents due to mechanical failure of the car is very small—and in the bulk of these the fault lies with the owner who has not kept his machine in proper condition. The human factor is present in every conceivable mishap.

Most of us have insufficient understanding of the force of a moving automobile. A car going 50 miles an hour has the same potential force as if it were dropped from a height of 101 feet. At 40 miles an hour the car will travel 29 feet before the average driver is able to react to danger, and then it takes 80 feet, with four-wheel brakes, to stop, or a total of 109 feet. Of course this is not true of every driver—It is true of the general average and that is what counts whn you sum up the thousands of accidents in a year's time.

Last year carelessness or incompetence killed 34,400 people and injured almost 1,000,000. During 1932 these factors will be responsible for at least 35,000 deaths—unless every motorist awakens to his responsibility and does his part to reduce the ghastly toll.

A Crusoe for 18 Years

For 18 years Orrin Sternbarger, above, has lived a Robinson Crusoe existence in the wooded hills along the Mad River, near Tiffin, O. Back in 1914, Sternbarger, then an art instructor at Wittenberg College in Springfield, O., was stricken by tuberculosis and told by doctors that he had but a few months to live. Packing his belongings, he set off for the nearby woods. Here the "Hermit of Mad River," as he is called by neighboring farmers, has lived all these years in a shack built high in an elm tree to which he has access by means of a rope and pulley Small game caught with his bow and arrow, and fish from the river, have supplied his wants.

THIS WEEK IS MADE FIRE PREVENTION WEEK BY PRESIDENT

By proclamation, the President of the Uniited States has set October 9 to 15 as Fire Prevention Week.

One prominent fire prevention authority states: "One American home is destroyed by fire every four minutes, and an average of five schools, five churches, one hospital, 96 farms two theatres, eight public garages burn each day.

"The first important measure in fire prevention is good housekeeping and home owners should co-operate. Attics and basements should be kept free from combustible accumulations and never allow ashes or rubbish to be placed in wooden boxes or against wooden partitions and fences. Keep matches in metal receptacles and out of reach of children. Make sure your cigaret, cigar and pipe ashes are out before throwing away.

"It is a good plan to thoroughly clean out the furnace, fireplace and chimneys. Protect your open fireplace with a screen."

"One gallon of gasoline, when it is properly vaporized and mixed with air, has an explosive effect equal to eighty three pounds of dynamite Use only non-inflamable clothes cleaners."

FORMER NEVADA CO. MAN DIES IN OAKLAND

Friends will be sorry to learn of the death of a former resident of this county, Carey Gerald Manion, who died in Oakland a few days ago at the age of 61. Heart failure was the cause of death.

Mr. Manion was a member of a pioneer family from the Greenhorn district, and was well known thruout this part of the state.

The remains have been brought to Grass Valley for burial in the new Catholic cemetery. He is survived by a widow and a brother, James Manion, both of whom are very well known here.

NEW YORK MEN WILL LOOK AT GRACIE MINES

A group of New York men is expected in a day or two in this district. They are going to inspect the Gracie group of gold mines in the Gold Flat country. A mining engineer is accompanying them for that purpose.

Mr. Long of Fresno is trying to get this group of mines started on a production basis. He has been located at the mines for the past week. It is understood that Mr. Long has done considerable mining work in the middle western states. He has just recently become interested in this part of the country.

The Gracie group of mines is now owned by the estate of Archibald Nivens, the estate of John Arbogast, and County Clerk R. M. McCormack. The group of mines is a combination of single mines once owned by the different parties singly.

The New York men are looking at the mines from an investment standpoint. If they are satisfied with the layout as they find it, it is expected they will start production soon.

HIGH FOOTBALL TEAM DETERMINED TO WIN

Smarting under the sting of last week's 6-0 defeat at the hands of of the Placerville high school, the local warriors buckled down to hard work all this week and have the determination of taking it out on San Juan High school of Fair Oaks, whom they play tomorrow at Fair Oaks.

Coach Barron, although somewhat disappointed with the result of last week's game, thinks that it may have been a good thing, inasmuch as it certainly brought down the swelling in some of the players' heads. After winning a game such as the local boys did three weeks ago against Auburn (14-0) it is sometimes almost necessary to take one on the chin to bring about the proper equilibrium. That bitter pill has been taken—now it is up to the team to play real ball for the remainder of the season.

In the Placerville game, Chapman had the misfortune to fumble a punt which was recovered by the Placerville team. Some people are inclined to put the blame for the defeat on his shoulders, which is wrong. Of course it was a mistake on his part when he fumbled, but there is not a safety man in the world who has not fumbled a football. Immediately after that fumble, the team had the hard luck of being penalized thirty yards which put the ball on the five-yard line. And there went the old ball game.

The fact remains that Nevada City was not able to put over a touchdown in the remaining 50 minutes of play. Chapman very nearly redeemed himself in the fourth quarter when he ran a punt back 40 yards to the Placerville 25-yard line. If one of his team-mates had clipped out the safety man it would have been a touchdown and perhaps a victory. As it was, very good blocking was done on that play. If more playing like that had been displayed, a much better showing would have been made.

Oates, fullback, was the only player to make any gains through the Placerville line. The other backs on end runs were handicapped by the lack of proper interference once they got beyond the line of scrimmage. Many plays worked to perfection up until that time. Then, because somebody forgot to take out his man, the ball carrier would be stopped. A good back can get nowhere without interference. Blocking and clipping are in fact more important than ball packing.

Coach Barron is experiencing some trouble in developing a man to hold down the left end position. Tamblyn, regular right end, is the only end that has shown to good advantage to date. There is a good job open for some ambitious player to hold down at left end. Several of the boys trying for the job are somewhat weak at going after passes and at breaking up interference. The rest of the line held up fairly well in the Placerville game.

The backfield was very weak in blocking for the runners. Tuckodini, fast halfback, lost several chances to gain because of that fact. Double reverses worked particularly well on execution but were not carried to a good finish.

Oates had the best of the punting argument and his kicknig should stand Nevada City in good stead throughout the present season. Both teams in the last game hit particularly hard in tackling.

Casci, Tamblyn and Tucker looked good in the line.

The San Juan High School is a big and fast outfit, something like the Placerville team. With a hard week of practice since their defeat, the local boys should give a good account of themselves and continue where htey left off in the Auburn game.

IN THE WORLD OF SPORTS

The Palm or the Razzberry Awaits Certain Young Footballers Who Aspire to Carry on for Schwartz, Booth and Other Grid Greats of 1931

BY PHILIP MARTIN

FAME—or ignominy; glory—or a shower of humiliating jeers from critical grandstands. That's what awaits several young men who are wearing football togs in various American colleges this year, trying to take up where great stars of last year left off.

Graduations riddled college lines and backfields last year as usual. Some outstanding stars that substituted the sheepskin for the pigskin were Marchy Schwartz of Notre Dame; Dal Marvil and Jack Riley of Northwestern; Albie Booth, Yale; Barry Wood, Harvard; Erny Pinckert and Johnny Baker, Southern California; Jerry Dalrymple, Tulane; Bill McDuffee and Ralph Hewitt, Columbia; Bill Bell, Ohio State; Morrison, Michigan; the entire backfield, plus three replacements, of Dartmouth and others of similar caliber.

Easy to replace? No, Gus, they aren't! These men were natural football players, not the common garden variety. And the natural kind do not flourish in abundance. It's a good guess that numerous coaches this year will do some heavy praying that their fill-in selections will measure up.

* * *

LET'S single out some of the more important lads who'll be in the spotlight and "on the spot" at one and the same time this year.

Mike Koken of Notre Dame pops first to mind. And his is an assignment that would chill any gridder's spine. He has to do a creditable job of replacing "Marchy" Schwartz, who made history in his grid career. But Coach "Hunk" Anderson has plenty of faith in Mike to keep up his end.

Bill Riley may soften the grief of Dick Hanley, Northwestern's mentor, at the loss last year of Jack Riley, Bill's big brother. And Ken Zuver, a 190-pound sophomore, is a likely bet to fill Dal Marvil's moccasins.

Those arch rivals, "Li'l" Albie Booth of Yale and Barry Wood of deah old Hahvahd, are somewhat tougher to replace. Coach Mal Stevens is counting on Bob Lassiter, who alternated with Booth last year, to come through for Eli. Stanton Whitney and James Leonard will probably scrap for Wood's berth.

* * *

CAL CLEMENS, 18-year-old back, and Aaron Rosenberg, giant running guard of last year, may keep Coach Howard Jones of Southern California from pining away over the loss of Pinckert and Baker. And Coach Tex Cox of Tulane has some first-class material in Hill, Westfeldt, Simons and Boasberg to develop a couple of wingmen the equal of Dalrymple and Haynes.

Pity poor Dartmouth! The first string backfield is gone. And, besides, three of his replacements backfield have graduated. That leaves Coach Jack Cannell with more worries than Solomon had wives.

Old "Pop" Warner at Stanford is having some trouble replacing his stellar tackle, Red Hand, this year. But it is said that he'll have just as colorful a player "on the spot" in George Grey.

All of which is by way of saying that graduations are a great big nuisance.

Here are some of the coaches who are fervently hoping the gridders they've picked to fill the shoes of 1931 stars, lost to them by graduation, won't prove "duds." Pop Warner of Stanford is shown above left, with Howard Jones of Southern California, top right; Dick Hanley of Northwestern, center right; and below, left to right, Mal Stevens of Yale, Jack Cannell of Dartmouth and Hartley "Hunk" Anderson of Notre Dame.

Yields Prospector $4000 Old Abandoned Mine

Be one of the fortunate, use skill and wisdom. Find the richest spots. Get your big stake now and be independent when winter comes. Thousands are now combing the hills and reports of many rich finds have been recently made in various parts of the gold country. These were mostly "lady luck" finds after much hardship. Don't go out half cocked, spend $1.50 or $3.00 extra on your kit by adding the Guggenheim Gold Detector and add more wisdom than luck to your finds. These are indestructible, scientific instruments with which you may without any knowledge of your field, find plenty of placer gold and silver and rich placer pockets that often contain fortunes. No prospector should start on a trip without them. Price $1.50, professional size $3.00. Send money order or cash. If you are dissatisfied with them inside of 10 days, send them back and we will refund your money.

The Yuba River Country

By J. L. Wolff

Gold! Gold! Gold! The Encyclopedia Brittannica states that gold is a metallic chemical element valued from the earliest ages on account of the permanency of its color and lustre; that gold ornaments of great value and elaborate workmanship have been discovered on sites belonging to the earliest known civilizations—Minoan, Egyptian, Assyrian, Etruscan. And in ancient literature gold is the universal symbol of the highest purity and value. In all ages it has been the measuring staff as in the Old Testament from which we quote, "More to be desired are they than gold, yea, than much fine gold." The very dawn of civilization found this yellow metal prized above any other possession. Its permanency of color and lustre, its being the most malleable and ductile of all metals, ideal for use in the fashioning of objects of art and personal adornment; made of it the lode stone that has ever since been the greatest single influence upon the course of the world and its people.

The New World was discovered in the world's quest for gold . The Spaniards' lust for this precious metal brought destruction and death to natives, individuals, families, tribe and nations. Neither honor nor life have counted for aught in this mad search. It is perhaps the irony of fate that caused the Spanish races to live for three centuries in California without knowing that this precious metal lay at their very feet; to have it found by an American who had shortly before come out from the east; to have California forever lost to Mexico and Spain as a result of finding this gold, in search of which for centuries untold Spaniards and their victims had lost their lives. Marshall's chance discovery in the mill race of Sutter's mill at Coloma flooded the entire world with a fever that resulted in breaking up families; the enduring of unimaginable hardships; the building of impossible hopes; a wave of fervor as intense as that which sent tens of thousands of Christian Crusaders to Palestine in an unsuccessful endeavor to wrest the holy lands from the despoiling Mohammedans. From every state in the Union, from every nation on earth—they came by the thousands, across the continent, past ambushed hostile savages, beneath desert suns and mountain storms, across the fever laden isthmus and around the wreck strewn Horn. Many fell by the wayside. Some lost courage and returned. All started with the one thought of quickly finding their fortune in gold and immediately returning to buy that neighboring farm, or pay off the family mortgage.

Marshall had found gold in a stream and there others sought it. For one hundred miles south and north they searched the stream beds from the Sacramento and San Joaquin floors to their source in the high Sierras. How long this might have continued is hard to say. But one October day in 1850 a man by the name of George McKnight walked across what was then called Gold Mountain on his way to Boston Ravine, now part of Grass Valley, and stubbed his toe so hard a piece of rock was dislodged by his boot. He stopped, fascinated by the yellow glitter on the white rock that his kick had uncovered. At that time there were about fifteen or twenty cabins in Grass Valley, but the new knowledge that gold actually came in the very rocks of the hills spread like wildfire and by March there were more than 150 buildings, among them several stores, saloons and shops. Marshall's discovery brought about the great gold rush—than which there has been in the world's history no more romantic movement. But the river gold upon which this movement was founded was quickly exhausted and its effect on the welfare of California and the nation must necessarily have been most transient. McKnight's discovery at Grass Valley, on the other hand, was not so spectacular but his finding of quartz gold laid the foundation for the tremendous industry of gold mining; made of California a great state and materially helped the United States to become a world power. Today the spot is marked by a granite monument, set upon ancient rock and cement foundation with rust encrusted iron bolts still pointing skyward and topped with a great chunk of gold bearing quartz.

TIRE WEAR

Tires worn in spots indicates sudden application of brakes or sudden application of power in your driving, according to the California State Automobile Association. Either of these practices will cause slipping and excessive wear.

SUBSCRIBE FOR THE NUGGET

USE OF TIRE CHAINS

A tire chain should never be installed on one rear wheel only. If this is done the other wheel will spin, thereby wearing the tread excessively, points out the Free Emergency Road Service of the California State Automobile Association. There is also possibility of damaging differential gears.

Will Young, who has been feeling very well for some time past, is now quite ill at his home on Park Ave.

HE'S ALL RIGHT

this home is heated by GAS

Gas will maintain this "Comfort Zone" 65° 71° at low cost

WHY, certainly it is right to let him have the spacious floor to play on! When all the room is kept to "Comfort Zone" warmth of 65 to 71 degrees by Controlled Gas heat he can't be cold no matter how chilly the outside weather.

Women who live in homes kept warm by Gas Controlled Heat know that the Comfort Zone of warmth thus evenly maintained does much to eliminate the constant colds and the other chronic illnesses that come from uneven temperature in the house.

Install Gas Heating equipment and stop worrying about the days when the house first gets too cold and then too hot, or the days when another winter cold spreads through the family. A nearby P. G. and E. office or gas heating dealer is ready to serve you. See them today, right now. Then enjoy comfortable, healthful heating that is without disappointments or interruptions.

CONTROLLED HEAT

With gas fuel you can have maximum heat instantly available and keep it regulated to any temperature desired. Controlled heat from gas heating equipment is possible by merely turning a valve or handle, by pressing a button to get high, low or medium heat, or by setting an electric thermostat to automatically maintain any desired temperature.

CAMPTONVILLE

CAMPTONVILLE, Oct. 12.—Dave Steward and William Seimer of Sacramento were in town Saturday on a short business visit, en route to Sierra Valley.

W. D. Vanderhoff of Sacramento was a business visitor in town Saturday.

Mrs. James Sutherland of Goodyears Bar passed through town Saturday from Nevada City enroute to her home.

Louis J. Joubert left Monday for Oroville on two days business.

Mr. and Mrs. Acton M. Cleveland Miss Helen L. Jackson, James L. Joubert and Lawrence Turner motored to Downievlile Saturday evening to attend the dance.

Mrs. Kate Hope Livingston, local high school teacher, was confined to her home Sunday and Monday with a brief illness.

James L. Joubert left Sunday for Saramento to resume his studies at the Sacramento high school after a week-end visit with relatives.

Mr. and Mrs. M. G. Galvin and Miss Dorothy Hays spent Saturday and Sunday visiting Mr. and Mrs. Leonard L. Bishop at Oak Valley.

Mr. and Mrs. Fred C. Cassidy of Nevada City were in town Monday on a short visit.

Eugene H. Hays and Joseph Halkyard motored to Downieville Saturday on a short business visit.

Miss Lola M. Labadie arrived Monday from Browns Valley on a short visit with relatives at the Hotel Francis.

Misses Betty Nordyke and Lola Chatfield returned Monday from Pike City to resume their studies after spending the week-end with relatives.

Mr. and Mrs. Leonard L. Bishop and Mrs. Ida M. Ramm motored to Nevada City Monday on a brief visit.

Lee Bullington, local carpenter, returned Saturday from Pike City where he spent a week doing some carpenter work for Mrs. Minnie Rathjen.

County Surveyor Jason R. Meek and grandson, William C. Meek of Marysville, were in town Monday on business.

R. G. Dunwoody returned Sunday from Sacramento, went to the True Grit mine and left in the evening for the capital city.

Eugene Vasser of Pittsburg arrived Monday on a few days' vacation at the Hotel Francis.

James L. Foote, wire chief of the Pacfiic Telephone and Telegraph Co. at Grass Valley was in town Monday on business.

Commencing Monday, October 17, the local post office will observe the winter schedule and close daily at five thirty instead of six.

George Wilson and William LeMasters of the Pacific Telephone and Telegraph o. arrived Wednesday enroute to Sattley to work this way repairing telephone lines.

Chas. H. Greene of Grass Valley was in town Wednesday on a short business visit.

Forest Ranger Frank W. Meggers motored to Marysville Tuesday on official business.

William A. Lang, proprietor of the Lang Garage, motored to Florida House Tuesday on business.

Gordon T. Price left Wednesday for Chico on a business visit.

Louie E. Bullington motored to Nevada City Wednesday on a short business visit.

James L. Foote of Grass Valley was in town Tuesday on a short business call.

Mr. and Mrs. Levi W. Turner and family have moved from the old Kendall residence to the old Thraves place in the eastern part of town.

Forest Guard Albert H. Hamilton motored to Oakland Tuesday, returning with a new forest service truck to be used by the Camptonville district.

Mr. and Mrs. Joseph Rogers left Tuesday for their home at Oakland on a few days visit. They are building a house to reside on their Oregon Creek claim.

Rev. Monsigneur Chas. A. Ramm accompanied by Mr. and Mrs. Geo. Marsh of San Francisco, arrived a few days ago on a vacation visit with his brother and sister, John G. and Emma J. Ramm at Bridger Creek.

Julius E. Pauly motored to Oroville Wednesday on a hsort business visit.

William H. Cartwright of Grass Valley passed through town Thursday from Sacramento en route to the upper country with a load of produce.

Mrs. Acton M. Cleveland motored to North San Juan Thursday on a short visit to relatives.

Evan W. Thomas of Downieville was in town Friday on a short visit, motoring on to Browns Valley.

Russell Dunwoody of the Oregon Creek mine left Friday for San Francisco on a business visit.

Bernard Rathjen of Pike City was in town Thursday on a brief visit en route to the lower country.

Melvin Neves of Sheboygan, Wis., spent a few days last week as guest of District Ranger Frank W. Meggers.

Charles Gorwood and party, formerly of Marysville, spent the week-end in this section on a hunting trip.

Misses Lola Chatfield and Betty Nordyke went to Pike City Friday afternoon to spend the week-end.

NORTH SAN JUAN

NORTH SAN JUAN, Oct. 12.—A number of people from this community attended the hearing before the water commission on Thursday when a protest was made against granting a water right to Mr. Ramsden. Those present were W. E. Moulton, Frank Wood, Sr., F. M. Harris, C. H. Jones, J. J. McCullough, Chas. Weinman, Miss Annie Weinman, Mr. and Mrs. Burnett, and Miss Elizabeth Ferguson. No decision has been reached to date.

Eugene Fodreni of San Francisco and Miss Edith Pinaglia of Sacramento spent a week's vacation with their aunt, Mrs. Wodell, who accompanied them back to Sacramento for a few days.

A number of people from town have been hunting since the season opened but not much success has been reported. Luck was with Neil and Orville Ennis, who brought home a two-point buck.

Luther Thompson and family have moved to the San Juan mine.

Rev. Buckner preached here Sunday. Mrs. Buckner and Mrs. Burns sang a duet and a few special songs were sung by the Sunday school children.

The Misses Davis of Nevada City accompanied Mr. Buckner on Sunday afternoon. They were formerly residents of Graniteville and many people and places in San Juan were familiar to them years ago. After church Miss Annie Freeman piloted them over the old Cross lot to see the "diggings" and to Prof. Davis' old home. Gilbert Davis, a nephew, once taught school in San Juan and was very popular with the boys and girls at that time.

A. Lohman, who has been quite ill in the hospital in Nevada City, was called home by the severe sickness of his brother, A. F. Lohman.

Mrs. Huckins' grandson, Frank Winiecki, is to leave by boat Thursday for Panama, with his air squad of the flying field of Sacramento.

Miss Millie Clerkins was in town for a short time Monday.

Mr. Homer is making a business trip of a few days to Visalia.

Mr. Herd and son of Sacramento have opened a butcher shop in the Kerr building. Their attractive display of fresh vegetables is quite an addition to the street.

The Keystone mine of Montezuma Hill, one of the oldest drift mines of this region, is being reopened. H. Huckins reports that truckloads of lumber have been going through for use there.

Will Clerkin passed through town Tuesday on his way to Nevada City.

The sound of the musical cowbell is once mere heard in our midst, as cattle are being brought down from the mountains to the valleys for the winter. One more reminder that fall is with us.

The first lot of the season was a small herd of beef cattle belonging to Mr. Robinson, which came thru town the last of the week.

The San Juan school has a baseball nine which is planning to play the Sweetland team next Friday afternoon at two o'clock on the Tabor Flat.

Mr. and Mrs. R. C. Dare have moved from Freeman's Crossing to French Corral. Mr. Dare is the new driver of the high school bus which now leaves San Juan at 7:30 a. m.

Mr. and Mrs. George Luhr visited Mr. Luhr's parents in Reno over Sunday. They say the country is beautiful now.

FRENCH CORRAL

FRENCH CORRAL, Oct. 12.—Weather is delightful in this locality. Nights quite cool, but as yet no frost.

The first stock from the mountains passed down during the week, cattle, sheep and horses.

The exciting time of deer season will close soon. Many hunters visited this section, but we were unable to learn names.

Mr. and Mrs. George Bohmfolk and little daughter Barbara of Los Angeles, were visitors during the week.

Mr. and Mrs. L. Francisovich of Marysville were here for a few days. Their nephew, Edward Jarvin, accompanied them and will remain for awhile.

Mr. and Mrs. Pat Kendall, who occupied the home owned by the late George L. Sweetland, have gone away.

George L. Murphy of San Anselmo, who has been spending his vacation with relatives at Montezuma Hill, was visiting relatives in French Corral last week. He was accompanied by his daughter, Mrs. J. Reilly of Berkeley and little grandson and granddaughter. Mr. Buzz Calanan also accompanied the party. Mr. Murphy reports that htey have commenced operations on mining property at Montezuma Hill, owned b ythe Murphy family.

Stanley Deal of Cherokee was a Sunday visitor.

Mr. and Mrs. Howard McCarty and son Billy and Mrs. McCarty's mother, Mrs. Cora Perry of Reno, spent Saturday and Sunday with relatives in French Corral, W. E. Moulton and family. They left for Marysville Monday where they will visit with relatives.

A. Browning and son Clyde have returned to American Hill.

Mr. and Mrs. R. Dare of Freeman's Crossing have moved to the Rosendale place in French Corral. Mr. Dare is now driver of the high school bus.

Mr. and Mrs. Lloyd Dudley of Nevada City and Miss Frances Moulton of Sacramento spent the week-end in French Corral.

Frank Brophy and Thorn B. English enjoyed a hunting trip in this vicinity and visited relatives in Birchville. Both are natives of Columbian Hill where their boyhood days were spent.

Mr. and Mrs. Lee Day and daughters, Mrs. J. Swazey and baby and Miss Virginia of Nevada City, were Sunday visitors in French Corral.

Mrs. Annie Barron made a trip to Cherokee this week.

Mr. and Mrs. George Grant of Sweetland called on friends here this week.

W. E. Moulton made a busniess trip to Sacramento this week.

A surprise birthday party for Mrs. Lillian Hall was given at the home of Mrs. Piver in Birchville October 7th. The evening was spent in card playing, after which dainty refreshments were served. All spent a very pleasant evening.

We hear much praise of the Nugget and hope there will be many new subscribers.

ACCIDENT INCREASE

Automobile fatalities in the United States have increased almost 250 per cent during the past ten years, accordin gto the California Committee on Public Safety. Traffic deaths numbered 13,939 in 1921, while the total for last year was 33,500.

PRESSURE ON NERVES

Is the Cause of Your

SICKNESS

Chiropractic is the foremost drugless system of health

Most everyone complains of their nerves, but seem to ignore them altogether in their search for health. Observe how quickly one is paralyzed when the spinal cord or a nerve is severed. Imagine how quickly a part of the body will slow down in its action when pressure is exerted upon a nerve and you will learn the great necessity for having that pressure removed.

Cross your legs and observe how the pressure exerted upon the great sciatic nerve will put your foot to sleep. Now imagine what would happen if that was the nerve leading to your stomach and you will understand what would happen to that organ. While on that subject, let me say that pressure upon the nerves leading to the stomach, intestines and kidneys is of common occurrence, thus thousands of people suffer of distress in those organs without learning the true cause.

You are aware of the fact that every organ and part of your body is supplied with nerves. If a nerve is severed, the parts reached by that nerve will become paralyzed. Pressure upon a nerve reduces its carrying capacity and is followed by some form of disease.

The only point where pressure upon a nerve can occur to a degree sufficient to cause deranged functioning or disease, is at the little openings between the vertebrae through which the nerves pass from the spinal cord.

If you don't think that pressure upon nerves is the cause of your trouble have your spine X-Rayed and see for yourself. See the misplaced vertebrae that is causing the nerve pressure, then you will be interested in how you can get it corrected.

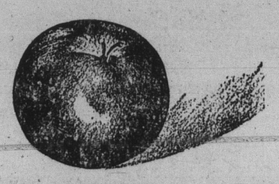
"The ROSY SIDE of the APPLE"



facts every American *should* know

Savings accounts in banks today exceed 29 billion dollars—more than $1,000 for every family in the United States.

Savings depositors number 52 million—nearly two to each family. No other nation can show such widespread ownership of money.

We have 4 billion dollars in gold. No other nation ever possessed so much.

Currency in circulation aggregates $5,464,000,000—or 700 million dollars *more* than in 1929.

A recent offering of 450 million dollars in United States securities was more than nine times oversubscribed.

Last year 16½ billion dollars of new life insurance was written in the United States.

Our total wealth—estimated at more than 329 billion dollars—is greater than the combined wealth of a dozen European countries.

The income of the American people exceeds one billion dollars weekly.

25,800,000 automobiles are owned by Americans—almost one to every family, and nearly three times the number owned by all the rest of the world.

We have 19,500,000 telephones—far more than all other countries combined.

3,750,000 domestic mechanical refrigerators—expenditure estimated at practically two billion dollars—were purchased by the American people during the past two and a half years.

America has more home owners than any other nation.

Motion picture theaters still attract a weekly average attendance of 75 million.

Never in its history has America been so splendidly equipped to go forward to a sound prosperity than right now.

MANY IMPROVEMENTS MADE AT CAMPTONVILLE

CAMPTONVILLE, Oct. 12.—In keeping with the slogan that Camptonville is the cleanest town in the mountains several improvements have been made this fall, adding much to the looks of the little community.

A new sidewalk has been constructed in front of the residential property of M. G. Calvin, giving more pleasure in walking up and down the street and a decided improvement generally.

Mrs. Rachael M. Labadie, proprietor of the Hotel Francis, has removed all the hop vines from the front of the building and otherwise given it an annual readiness for the approach of winter.

The residence of Judge W. B. Meek has been given a complete painting, including the front fence, giving the place an outstading appearance.

Fred B. Hanson has hauled several loads of gravel along the upper fence and sidewalk of his property on Main street.

The front fence of Acton M. Cleveland's property on Main street has been paitned, and a new fish pond constructed in the upper part of his yard.

PLAINTIFF GETS JUDGMENT IN CAMPTONVILLE CASE

CAMPTONVILLE, Oct. 12.—In the case of Fred J. Schmeichel vs. Chas. J. Smith and Ruby Smith, in the local justice court, Judge W. B. Meek has rendered a decision, granting the plaintiff judgment in the amount of $25.50, representing labor done on the defendant's mining claims. The dispute arose over a verbal agreement to work the claims, and after Schmeichel had worked 17 days, the Smiths ordered him off, refusing to give him anything for his labor. He also had a claim for material used in the work, which the court denied him.

The court ruled that inasmuch as the defendants permitted and allowed him to work for their benefit, he was entitled to compensation.

DR. H. L. JONES RETURNS TO NEVADA COUNTY

A former resident of Nevada City has returned to this county after an absence of seven years. For that length of time Dr. H. L. Jones has been practicing chiropractic in the southern part of the state. He is now making his home in Grass Valley and is practicing in that city as he did for five years prior to living in the south.

In his offices in the Nevada Irrigation District building, Dr. Jones has nistalled a complete line of electrothoropy, X-Ray and pathological machines in his laboratory. He opened his office for business last Saturday.

When Dr. Jones lived here before he made his home at the Muir home in this city at the corner of Cottage and Pine streets. At that time he practiced here in the morning and in Grass Valley in the afternoon.

Dr. Jones is well impressed with the future possibilities for Nevada county and is making his home here permanently.

CARBON DEPOSITS

If the engine of your car is allowed to run with the spark retarded excessive carbon deposits will form i nthe combustion chamber, points out the Free Emergency Road Service of the California State Automobile Association. This condition is caused by improper burning of gas due to "late explosion."

District Attorney W. E. Wright returned from Sacramento this week wehere he had been on professional business.

LEGAL NOTICES

SUMMONS

In the Superior Court of the State Of California, in and for the County of Nevada.

ALICE HARE, Plaintiff, vs., C. B. CONLIN, DANA WICKS, CHAS. L. SALMON, MARY E. SALMON, W. D. HILL, S. A. PARNALL, LAURETTE E. PARNALL, JOHN DOE, RICHARD ROE, MARY POE, and BLACK AND WHITE COMPANY, a corporation, and any and all other persons, associations or corporations claiming any right, title or interest in and to the lands described herein. Defendants.

Action Brought in the Superior Court of the State of California, in and for the County of Nevada, and the Complaint Filed in the Said County of Nevada, in the Office of the Clerk of Said Superior Court.

CHARLES L. GILMORE,
Attorney for Plaintiff.

The People of the State of California Send Greetings to:—
C. B. Conlin, Dana Wicks, Chas. L. Salmon, Mary E Salmon, W. D. Hill, S. A. Parnall, Laurette E. Parnall, John Doe, Richard Roe, Mary Poe, and Black and Whie Company, a corporation, and any and all other persons, associations or corporations claiming any right, title or interest in and to the lands described herein, Defendants.

YOU ARE HEREBY NOTIFIED, that an action was brought against you by the above named plaintiff in the Superior Court of the State of California, in and for the County of Nevada, by filing a complaint in the office of the Clerk of said Court on the 30th day of April, 1932, in which action Alice Hare is plaintiff, and you are defendants.

Said action is brought by the plaintiff against you as defendants to quiet her title to the properties described in the complaint and set forth herein, and,

YOU ARE HEREBY DIRECTED TO APPEAR and answer said complaint before this Court to show what right, title, estate, lien or interest you or any of you may have or claim in or to the property described in said complaint, and herein set forth, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, within ten days from the service of this summons, exclusive of the day of service, if served on you in said County of Nevada, and within thirty days, exclusive of the day of service, if served elsewhere; and you are further notified that unless you so appear and answer within the time above specified, that plaintiff will take judgement, forever quieting her title to the lands and premises herein described, or will apply to the Court for any other relief demanded in the complaint.

That said lands and premises are situate in the County of Nevada, State of California, and described as

The Northeast quarter (NE¼) of the Northwest quarter (NW¼- and the Northwest quarter (NW¼) of the Northeast quarter (NE¼) of Section thirty-six (36), Township eighteen (18) North, Range eight (8) East, Mount Diablo Meridian, and containing eighty (80) acres of land, according to the official United States survey thereof.

Given under my hand and the Seal of the Superior Court of the County of Nevada, State of California, this 30th day of April, 1932.
(SEAL)
R. N. McCORMACK, Clerk.

State of California
Department of Public Works
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Department of Public Works, Division of Highways, at the office of the District Engineer, 502 State Office building, Sacramento, California, until 2:30 o'clock P. M. on Wednesday, October 19, 1932, at which time they will be publicly opened and read, for performing work as follows:

Sacramento, Placer, Yuba, El Dorado, Sutter, Butte, Yolo, Colusa, Glenn and Nevada counties, at various locations, about three hundred seven and seven-tenths (307.7) miles of traffic stripe to be applied to existing pavement.

Plans may be seen, and forms of proposal, bonds, contract and specifications may be obtained at above address.

No bid will be received unless it is made on a proposal form furnished by the District Engineer. Each bid must be accompanied by cash or a certified or cashier's check made payable to the Director of Public Works, for an amount equal to at least ten (10) per cent of the amount bid, such guaranty to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract.

The Department of Public Works reserves the right to reject any or all bids.

In accordance with the provisions of Chapter 397, Statutes of 1931, the Department of Public Works has ascertained the general prevailing rate of per diem wages applicable to the work to be done to be as follows:

Classification	Per diem wage
Common laborer	$4.00
Skilled laborer	5.00
Truck driver	5.00
Any classification omitted herein not less than	4.00

Overtime—One and one half (1½) times the above rates.

Sundays and holidays—Double the above rates.

The per diem wages listed above are based on the customary 8-hour working day and when less time is worked per day the amounts paid shall be the pro rata of the amounts listed above.

DEPARTMENT OF PUBLIC WORKS,
DIVISION OF HIGHWAYS
C. H. Purcell, State Highway Engineer.
By C. R. Whitmore, District Engineer, Dist. III.
Dated: October 3, 1932. O7-2t

NOTICE TO TAXPAYERS

Notice is hereby given by the undersigned that the taxes for the city of Nevada for the fiscal year 1931-32 are now due.

Said taxes will be delinquent on **Monday, October 10, 1932** at 6 o'clock p. m. and unless paid prior thereto 10 per cent will be added to the amount thereof.

Payment of said taxes may be made to me at the City Hall on Broad street and for the purpose of collecting the same I will be in my office in the City Hall from 8 a. m. until 12 noon; from 2 to 5 p. m. and from 7 until 8 p. m. each day until said taxes become delinquent.

Dated September 29, 1932.
H. H. HALLETT,
Chief of Police, Nevada City,
Ex Officio Tax Collector.

FORFEITURE NOTICE TO CO-OWNERS OF MINING CLAIM IN YOU BET MINING DISTRICT

TO J. A. SIMPSON and L. E. SIMPSON;

You are hereby notified that I have performed the annual labor required by law for the year 1931. upon the OCTO MINING CLAIMS situated in section 30, Township 16 North, of Range 10 East M. D. B. & M, in what is known as the You Bet Mining District, in the county of Nevada, state of California; and that unless in the time prescribed by law you pay your proportionate amount of said expenditure your interest in said mining claim will be forfeited to me under the provisions of Section 2324 of the Revised Statutes of the United States.

RUBE E. NOBEL...
First Publication Sept. 23, 1932.
Last Publication December 23, 1932.

ORE BUYERS' APPLICATION

In compliance with Section 1, Chapter 183, Statutes of 1929, the undersigned, whose principal place of business is at Nevada City, California, hereby gives notice that application has been made to the State Mineralogist for a license to carry on, within the State of California for the year ending December 31, 1932, the business of milling, sampling, concentrating, reducing, refining, purchasing and receiving for sale ores, concentrates and amalgams bearing gold or silver, gold dust, gold and silver bullion, nuggets and specimens.

Protest may be made by any person to the issuing of such license at the office of the State Mineralogist, Ferry Building, San Francisco.

DON CARLOS BILLICK.
O7-3t

NOTICE TO CONTRACTORS

Sealed bids will be received by the City Council of Nevada City for the construction of a reinforced concrete slab bridge with rubble-concrete walls, to be placed over Little Deer Creek on Nimrod street.

Construction to be in accordance with plans on file in the City Hall.

Bids will be opened Friday, October 14th, at eight o'clock P. M. at the City Hall on Broad street. The Council reserves the right to reject any and all bids.

R. J. BENNETTS, Mayor.
GEORGE H. CALANAN,
S30-3t City Clerk.

Youthful Strength
Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created
TITUS-PEARLS
to help the million of men and women who have lost or are losing their vital physical power. In his 25 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: **High blood pressure, hardening of the arteries, physical exhaustion** after work or exercise, **dizziness, depression, neurasthenia, etc.**
All these troubles can be removed with **Titus-Pearls. Numerous** cases were treated by Dr. Hirschfeld in his Berlin Institute.
L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 tweeks later the medical report on this man was: General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all wearinesse and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of life.
Start regaining your youthfulness now! To-day! In 2 weeks' time you will be aware of the new, virile force within you. Send $5.00 (cash registered or money-order) for 2 weeks' treatment.
To avoid mistakes please fill out the following coupon:

LOCAL HAPPENINGS

Miss Beatrice Eddy, of Oakland is spending her two weeks vacation here visiting her mother and other relations.

Mrs. Ed Davis and two children, are spending a couple of weeks in Butte County visiting her husband's mother.

B. L. Eastman, of the Mohawk Mine, and a party of friends visited in the Magalia mining district last Sunday.

Mrs. Larson, nurse for Dr. Werner, motored to Colfax to see the doctor for instructions while the train stopped at Colfax.

Frank Ghidotti claims there are no deer in this country. And Frank knows cause he has gone on several deer hunts this year and they all turned out to be wild goose chases.

W. E. Clerkin of Granitville was in town on a business trip last Tuesday. Mr. Clerkin has recently become associated with the West Coast Development Company.

Mr. Allen, president of the Western Loose Leaf Co., Mr. and Mrs. Earl Kriens of the P. G. & E., and George Schaffner were visiting Mrs. Anna Erway and Mr. George Erway of Nevada City this week.

Mrs. C. B. Anderson, with her daughter, Mrs. Duene Arnett, made a flying trip to Nevada City Wednesday of this week to visit with C. B. Anderson. They returned to Roseville the same day.

Dick Fisher and nephew, Lester Spellenberger, of Arcata, motored to Nevada City Sunday evening to attend to busines maters and returned Monday. Mr. Fisher has spent about wo months in Arcata with his sister and family.

Another member of the Harris Pharmacy, Gerald Hogan, drove to Berkeley last Saturday and arrived in time to take in the St. Marys-California football game. Sufficient to say, Gerald did not buy out the city hall after the game.

William Harkners and Stanley Austin, of Lovelock, Nevada, came through Nevada City Tuesday on their way to French Corral, where they are looking at some gravel property. They have been here several times before and expect to locate permanently in this district.

Considerable altering and renovating work has been going on at the Bolton 5-10 and 15 cent store on Pine street for the last week. By today it is expected that the work will be completed and a window trimming job with the spirit of Hallowe'en predomniating will be done.

The Young family have been having their share of sickness this week. Mrs. Will Young has been confined to her bed with a severe case of pneumonia, but we are glad to state she is getting better and was able to be up and about the latter part of this week.

A gathering of 28 people enjoyed the quadruple birthday and anniversary party given at the Mugford home last Sunday. As there were four birthdays and one anniversary within three days in the Mugford family, there was sufficient reason for such a celebration. All but three of the people present were from Sacramento.

Charles H. Wright, of the Calif. Ink Company, paid this office a very pleasant visit Wednesday of this week. This is the first time Mr. Wright has been in our fair city and he had many pleasant things to say about the charming surroundings and scenery to be found in this section.

SPECIAL BARGAIN RACK
Thursday, October 13th, and each day thereafter we will feature a very SPECIAL BARGAIN RACK showing of Coats, Dresses and Blouses at marvelous reductions.

Pine St., Nevada City

Robert Wise of the Harris Pharmacy left Nevada City last Saturday for a visit with friends at Sutter Creek. Leaving there early Sunday morning he drove to San Francisco and made several calls in the bay region. Leaving San Francisco early Monday morning, he arrived in Nevada City by noon and settled down for the week's work. He drove 525 miles over the week-end.

Mr. and Mrs. H. E. Bolton, Mr. and Mrs. Thomas Oliver of Nevada City and the newly wedded Mr. and Mrs. Ted Sinnock of Grass Valley, motored to Gridley last Sunday to attend a dinner given in honor of the newly-weds, by Mrs. H. E. Katzer of that city. Mrs. Katzer is a sister of Mrs. Bolton and Mrs. Sinnock and daughter of Mr. and Mrs. Oliver.

We hear all kinds of hunting and fishing stories in the course of running a newspaper, and we have been told upon good authority that the snipe hunting has been particularly good in the San Juan section. Just who is the champion snipe hunter has not been brought out yet, however we hope to be able to enlighten our readers on this point in the near future.

Thomas E. Woodward of Montana and Ross F. Mills of Arizona stopped in Nevada City Tuesday on the way to French Corral where they are investigating gravel properties. Both strangers have been located in Las Vegas, Nevada for the past two months, from where they are making tours throughout California and Nevada. Nevada County is commanding a great deal of attention in other mining districts, according to Woodward and Mills.

Mr. and Mrs. J. Thomas of Ashland, Oregon, visited for a time with his sister, Mrs. Hugh Murchie.

Mr. and Mrs. Carl Ivey and little daughter of Chico spent a couple of days early in the week, with her mother, Mrs. Nellie Veale.

Carl Larsen, of the Plaza Super Service Station, was a witness at the hearing of the Omega mine case in Sacramento, this week.

George Murray and Horace Campbell, Jr., of Tonopah, Nevada, were in Nevada City visiting with old time friends, and while here were the house guests of Mr. and Mrs. O. W. Schiffner and family.

Hubert B. Starr, of Colfax, was a visitor in Nevada City and French Corral Wednesday. He returned to French Corral with his partner, Glen Smith yesterday and spent some time investigating the old Harrison gravel mine. These two Colfax men are now working the Annie Laurie Mine between Colfax and Forest Hill. The Annie Laurie is a hard rock mine.

MOTOR REGISTRATION IN CONTRA COSTA COUNTY

At the end of the first six months of this year Contra Costa county had a total motor vehicle registration of 24,830. Included in this figure were 22,882 private passenger automobiles; 1,059 pneumatic tire trucks 79 solid tire trucks; 602 pneumatic tire trailers; 58 solid tire trailers; and 150 motorcycles.
